Federal Fees and Penalties

According to the healthcare law, starting in 2014 each individual must have health coverage for each month, qualify for an exemption, or make a payment when filing his or her federal income tax return.

The fee is sometimes called:
Penalty, Fees, Fine, Individual Responsibility Payment or Individual Mandate.

1. Will I have to pay a fee or penalty ?

According to healthcare.gov, you may have to pay the fee if you do not have healthcare coverage and do not qualify for an exemption. The fee in 2014 is 1% of your yearly income or \$95 per person for the year, whichever is higher. The fee increases every year. In 2016 it's 2.5% of income or \$695 per person, whichever is higher.

2. Does everyone have to pay a penalty?

Some people with limited incomes and other situations may qualify for an exemption. Look for the next CAPSULE (Article 3) for information on this topic or visit healthcare.gov for more information.

3. Will ADAP pay the penalty for me?

No. Ryan White funds cannot be used to pay the fee or penalty*. Therefore, ADAP will not pay the fees or penalties for a client.

The next update will provide information about "waivers and exemptions"....
